Date: June 7, 2005
Subject: Drug Diversion

In response to the FDA announcement of an illegal drug diversion operation occurring throughout the country, 4D Pharmacy Management Systems has run a query to determine if any our members might have been affected. According to our report, zero members purchased the potentially affected drugs from the involved pharmacies. If you would like a complete listing of the potentially affected drugs and pharmacies, please visit the U.S. Food and Drug Administration Website at:
